Re: Pacific Bell Telephone Company Notice of Network Changes
CC Docket No. 96-98, CFR 47, Sections 51.325-51.335

Dear Mr. Caton.

Pursuant to Sections 51.325-51.335 of the Commission's rules, Pacific Bell Telephone Company hereby submits the attached Certification of Public Notice of Network Changes Under Rule 51.329(a). As required, two copies of this material are being submitted herewith. Also as required, concurrent with this filing, a copy of this information is being submitted to the Chief of the Common Carrier bureau's Network Services Division in paper form and in electronic form on a 3 1/2 inch diskette.

Please call me if you have any questions regarding this matter.

Sincerely,

Lincoln Brown / AJS

CERTIFICATION OF PUBLIC NOTICE OF
NETWORK CHANGE UNDER RULE 51.329 (a)

Federal Communications Commission
Office of Secretary

On May 4, 1998, the following Public Notice of Network Change (s) have been made by Southwestern Bell Telephone Company pursuant to CFR 47, Subsections 51.325-51.335.

The Public Notice can be obtained on the Internet @:

<http://www.swbell.com/News>

Title of Network Notification

InterLATA Toll Presubscription

SOUTHWESTERN BELL TELEPHONE (SWBT) COMPANY
Network Notification No. SW1998114003

IntraLATA Toll Presubscription

IntraLATA Toll Presubscription, utilizing the "full 2-PIC" method as defined by the Federal Communications Commission, is a capability that will allow end-user customers to presubscribe to a telecommunications carrier for all of their "1+" interLATA toll calls and to presubscribe to another telecommunications carrier (including, but not limited to, the customer's local exchange carrier) for all "1+" intraLATA toll calls. The end-user customer can presubscribe to the same carrier for both, or can select different carriers. This capability will eliminate the need for end-user customers to dial access codes (e.g., "10XXX") in order to make intraLATA toll calls using the carrier of their choice where available

SWBT will implement "full 2-PIC" intraLATA Toll Presubscription in all of its applicable switches within the States of Arkansas, Kansas, Missouri, Oklahoma, and Texas when required by law in any of those States and then in accordance with any applicable intraLATA toll dialing plan for SWBT for such State.
